

Time	Name	Affiliation	Country	Title
9:15	Lucia Licero	INVEMAR	Colombia	
	Alexandra Rodriguez		Colombia	
	Constanza Ricaurte		Colombia	
	Luisa Espinosa		Colombia	
9:30	Amanda Desormeaux	University of Florida-Gainesville	United States	<i>Landscape-scale nitrogen budgets for the karst springs of Florida</i>
9:35	Amy Hansen	University of Minnesota	United States	<i>Wetland effects on nitrate on a watershed scale</i>
9:40	Ana Carolina Santos Rocha	Universidad Nacional de Colombia	Colombia	
9:45	David Zamora	Universidad Nacional de Colombia	Colombia	
9:50	Erasmó A. Rodríguez S	Universidad Nacional de Colombia	Colombia	
9:55	Fernando Jaramillo	Stockholm University	Sweden	<i>Using remote sensing to understand wetland hydrologic connectivity</i>
10:00	Georgia Destouni	Stockholm University	Sweden	
10:05	Guillaume Vigouroux	Stockholm University	Sweden	
10:10	Imenne Åhlén	Stockholm University	Sweden	
10:15	J. Ernesto Mancera Pineda	Universidad Nacional de Colombia	Colombia	
10:20	Jan Pietron	Stockholm University	Sweden	<i>Impact of mining and hydro-climatic change on wetlands sedimentation</i>
10:25	Jerker Jarsjö	Stockholm University	Sweden	
10:30	Jesus Adolfo Anaya	Universidad de Medellín	Colombia	<i>Drivers of forest loss in the Caribbean wetlands of Colombia</i>
10:35	Jim Jawitz	University of Florida-Gainesville	United States	
10:40	Johanna Hedlund	Stockholm University	Sweden	
10:45	Jorge Celi	Universidad Regional Amazónica Ikiám	Ecuador	
10:50	Jorge Salgado	Universidad de los Andes	Colombia	<i>Neotropical shallow lakes in the Anthropocene: Contemporary and paleoecological perspectives</i>
10:55	Josefin Thorslund	Stockholm University	Sweden	<i>The potential of using wetlands as large-scale nature based solutions</i>
11:00	Juan Felipe Blanco	Universidad de Antioquia	Colombia	
11:05	Katie McCurley	University of Florida-Gainesville	United States	<i>Land cover and climate as drivers of average annual evapotranspiration</i>
11:10	Kwok Pan Chun	Hong Kong Baptist University	Hong Kong	<i>Climatic controls of wetland</i>
11:15	Luigi Piemontese	Stockholm University	Sweden	
11:20	Marc Simard	Jet Propulsion Laboratory-NASA	United States	<i>Global mapping of mangroves forests</i>
11:25	Nicola Clerici	Univesidad del Rosario	Colombia	
11:30	Rene Price	Florida International University	United States	<i>Phosphorus additions to coastal wetlands with brackish groundwater</i>
11:35	Sebastián Palomino Ángel	Universidad de Medellín	Colombia	
11:40	Sergey Chalov	Lomonosov Moscow State University	Russia	<i>Reconstruction of water and sediment connectivity in inland wetland-dominated detla areas</i>
11:45	Victor Rivera-Monroy	Louisiana State University	United States	<i>Mangrove Rehabilitation needs Ecological Theory and Viceversa...</i>
11:50	Zahra Kalantary	Stockholm University	Sweden	<i>Scoping for Resilience and Management of Arctic Wetland</i>
